

Iridium Maritime News Brief -- June 2008

Iridium Maritime News Brief -- June 2008

Iridium Satellite debuts the "Iridium Maritime News Brief" -- an online report of Iridium and partner-related news. We will be issuing similar News Briefs going forward to media in our many vertical markets.

The June 2008 edition includes the following stories about:

- Multiple New Global Distribution Partners Signed for Iridium OpenPort
- Reederei "NORD" Switches to Iridium for Cost-Effective Crew Calling
- Lauritzen Switches to Iridium
- Iridium E-Mail for Arklow
- NOAA Approves Iridium Tracking Devices for U.S. Fishery
- Iridium Provides Satellite Data Links for New Thermal-Powered Subsea Gliders
- ...and more!!!

Please [click here](#) to link to the Brief.
